Clear Delete Update

Clear:

Simple click on clear button to clear fields.

Delete:

Simple Select the employee and Click on delete to delete employee.

Update:

Simple Select the Employee and Edit text Fields and click on update.

Employee Portal:

Add:

Add all fields but note that when you write **brand name** then press enter to get list for product name.

The interface shows a sidebar with a welcome message 'Welcome! 1973' and a 'Purchase' button. The main area contains a table with columns: Brand Name, Product Name, Quantity, and Price. The table has two rows of data: Candy (Hajmola, 6, 450.0) and Candy (AmmRass, 6, 450.0). To the right of the table is a form with fields for Brand Name, Product Name (a dropdown menu), and Quantity. Below these fields is an 'Add' button. At the bottom of the form, there is a 'Total : \$900.0' display and buttons for 'Receipt', 'Pay', and 'Reset'.

Brand Name	Product Name	Quantity	Price
Candy	Hajmola	6	450.0
Candy	AmmRass	6	450.0

Brand Name:

Product Name:

Quantity:

Add

Total : \$900.0

Receipt **Pay** **Reset**

Reset:

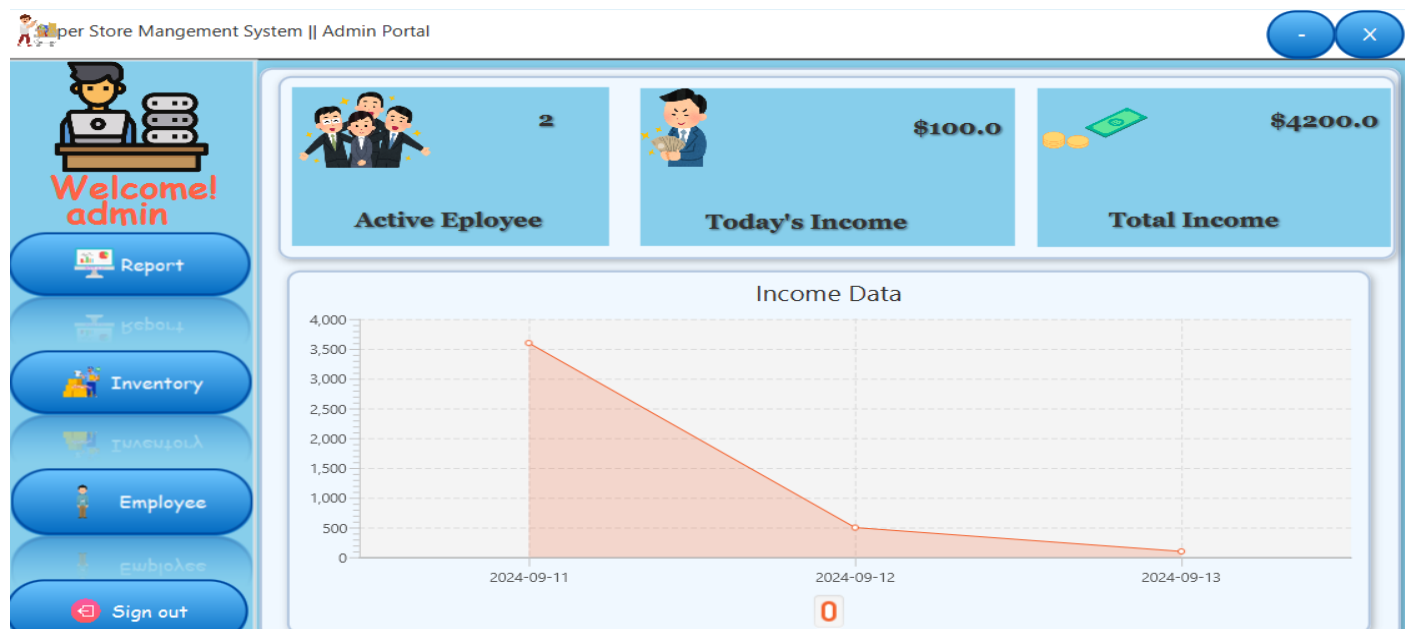

Simple click on reset to clear all forms and fields

Receipt:

If you want the receipt of this bill then first click on **Pay button** and then click on **Receipt button** to get receipt in pdf

Report:

Automatically report generate after selling products.

Starting:

1. First Extract Zip file
2. Going to Project Folder and go in dist folder

SoperStoreManagement > dist >

3. And click on “SoperStoreManagement.jar” file to run project.
